

# **Springdale Elementary School**

Springdale School has been a reliable and trusted part of the community since 1925. Our collaborative school environment fosters life-long friendships among students, parents and faculty. Many students return to the neighborhood as adults, continuing their positive impact on the community. We are proud of our active parent community and amazing staff who welcome new members and work together on various school wide and community service projects each year.

#### **What We Offer**

At Springdale School, we believe that by empowering students to have a say in their learning, they develop the motivation to work hard and achieve great things. Our teachers are all trained in differentiating instruction, which allows our students to learn according to his or her own needs and interests. Weekly team meetings discuss ongoing efforts in an open forum that encourages new ideas that focus on improving student learning outcomes.

At Springdale we foster growth of the whole child. We do this through our social emotional learning, health and fitness campaigns, a diverse curriculum, and skill-based differentiated academic lessons.

We are proud that Springdale students are independent and self-directed learners. They understand their strengths and weaknesses, pursue their own interests, and apply their learning in new and creative ways.

### **What We Do**
