- **Course description or overview**

The Connected Mathematics Program (CMP3) is a complete, standards based, mathematics curriculum that helps students develop understanding of important concepts, skills, procedures, and ways of thinking and reasoning in number, geometry, measurement, algebra, probability, and statistics.

- **Scope & Sequence (course objectives, topics, standards)**

The following units will be covered throughout the course of the school year:

Prime Time – Factors and Multiples

Comparing Bits and Pieces – Ratios, Rational Numbers, and Equivalence

Let's Be Rational – Understanding Fraction Operations

Covering and Surrounding – Two-Dimensional Measurement

Decimal Ops – Computing with Decimals and Percents

Variables and Patterns – Focus on Algebra

Data About Us – Statistics and Data Analysis

- **Major projects/assignments**

There will be homework daily (except Fridays). At the end of some units are projects. A mid-term exam and a final exam will be given (dates to be determined).

- **Required Books and Materials**

There are 7 CMP textbooks listed above (provided by the school), a binder, paper for a three ring binder, pencils, a ruler, a calculator, and the agenda book (provided by the school) will be needed.

- **Behavioral and Academic Expectations (homework policy)**

All students are expected to follow the rules and procedures outlined in the Code of Conduct in the Agenda Book.

All students are expected to report to class each day on time, and prepared with homework, and materials needed for class. Homework is expected to be completed on time, and with the proper format. Please visit [PowerTeacher Parent Portal](#) to keep up with your student's progress in class.
